

Low-Volume Consumer or Designated Consumer – Multi-Unit Residential Premises Declaration Form

The Ontario government has set new commodity prices for electricity, which came into effect on November 1, 2007. This change is an important step toward establishing a pricing structure in Ontario that more closely reflects the true cost of electricity and encourages customers to conserve.

The first 600 kilowatt hours (kWh) consumed in any month (May 1, 2008 to October 31, 2008) by residential, low-volume and designated consumers will be priced at 5.0 cents per kWh for the electricity commodity. Consumption above 600 kWh will be priced at a higher rate of 5.9 cents per kWh. *The Ontario Energy Board will review Regulated Price Plan prices and reset them every six months if necessary.*

Pursuant to the Regulation filed under s. 79.4 (1) (a) of the *Ontario Energy Board Act, 1998*, where the account of a low-volume consumer or designated consumer relates to:

- a property as defined in the *Condominium Act, 1998*,
- a residential complex as defined in the *Tenant Protection Act, 1997*, or
- a property that is owned or leased by a co-operative as defined in the *Co-operative Corporation Act*,

the conservation threshold for that consumer is determined based on the number of units within the property or complex. In order to determine the appropriate conservation threshold, consumers must provide a signed declaration attesting to the number of units to which an account relates.

If you qualify for a conservation threshold greater than 600 kWh/month (due to having more than one unit associated with your account), you must complete this form and send it to our office by fax/mail as soon as possible. Your account will be eligible for this pricing upon receipt of this signed and completed Declaration Form. Any delay in processing as a result of missing or inaccurate information on the form will not result in adjustments.

If you have multiple accounts eligible for a higher conservation threshold, because there is more than one unit associated with your account, list each account separately. Do not include units which are metered or billed separately from the account referenced.

You must advise us in writing if your account ceases to qualify for a higher conservation threshold or if there is a change in the number of units within the property or complex.

Burlington Hydro Inc. Account(s) Number(s)	Account Name	Basis for Qualification	Number of Units within Property/Complex
Sample 00000-000	Griffin Apartment Complex	Apartment Building – <i>Tenant Protection Act</i>	50

The following individuals have the authority to provide and certify the accuracy of the information provided on this form and any additional attachments. Please fill out the applicable section.

Corporation Name:	I certify the above information to be true, correct and complete.	Date:
Name, Phone Number & Office of Authorized Officer:		
Sole Proprietor Name and Phone Number of Applicant:	Signature of Authorized Officer	
Partnership's Name: Name and Phone Number of Authorized Individual to sign on behalf of Partnership:	I certify the above information to be true, correct and complete. Signature of Applicant (should be the same as Account Name)	Date:
	I certify the above information to be true, correct and complete. Signature of Authorized Individual (should be the same as Account Name)	Date:

All information submitted in the process will be used by Greater Sudbury Hydro Inc. in support of its obligations under the *Electricity Act, 1998* and the *Ontario Energy Board Act, 1998*, applicable Energy Board Codes and Rules, associated policies, standards and procedures and its licence.

This information is being collected and used for billing and auditing purposes. All submitted information will be assigned to the appropriate confidentiality level on receipt.

This information will be retained by Greater Sudbury Hydro Inc. and may be subject to review by the Minister of Finance pursuant to the *Ontario Energy Board Act, 1998*. Based on the information provided, we may change your account status to a "commercial rate" if six or more units are being declared against one metered service which may potentially increase your total electricity charges.

Any penalty or action resulting from a false declaration shall be borne by the customer.
